GVR GROUPS
Makes Life Easy

THINK SMART HOME - THINK GVR GROUPS

Who We Are

GVR Groups is a trusted and certified Smart Living Solutions company, delivering cutting-edge technology and seamless experiences **since 2010**. Headquartered in Chennai with a strong presence in Coimbatore, we are recognized as one of Tamil Nadu's leading solution providers in **Smart Home Automation, Home Theatres, and Electronic Security**.

With **over 15 years of industry expertise**, we design, engineer, and implement both wired and wireless solutions for villas, apartments, offices, commercial spaces, hotels, and retrofit projects. Our approach is deeply consultative—focused on reliability, aesthetics, performance, and future-readiness.

At GVR Groups, we don't just install technology—we **simplify life through intelligent integration**, ensuring comfort, safety, efficiency, and sustainability for every client.

Mr. Vinoth

Founder, Sasha Inc

GVR Groups is a one stop solution for automation as per our experience. We had all our requirements fulfilled with them. Thank you Mr.Yoganand for your product and service

Mr. Aravind Ravi

IT Senior Executive

Thanks to GVR Group for getting our house transformed! When we decide to get our home automated and visited their office we were very patiently explained about various options by Mr.Vijay keeping our budget and needs in mind. The entire task was handled very professionally and with infinite patience to make it happen even better than what we envisioned! I can confidently recommend GVR group to all of my friends and acquaintances for any of the security and automation needs!

Mr. Ashwin

Director, Aachi Masala

Very reliable and great expertise in automation, sincere in understanding and execution of automation based on customer requirements.

Mr. Kishore Elayanarayanan

General Manager, TCS

I was looking for a Control 4 system for my dedicated Home Theater (HT) room. The idea was to really have a seamless and frictionless experience while using the theater by integrating all the components be it audio, video and Aircon. I did find out that GVR Groups are the Control 4 dealers in Chennai and I met Vijay and Nithish and explained my expectations. They were extremely professional and knowledgeable. I was given the right options for my requirement, be it the controller, the switches, cameras, router and the remote.

Ms. Sujatha Yegnaraman

Founder, Appmojo

GVR automation installed an automatic gate and security cameras for our community. We are now living in a safer community... Thanks to the professional and clean installations done by them. Their after sales service is very reliable. Thank you for your good efforts.

Dr. Madhu

Vellore

I am from Vellore and have availed service from GVR groups. Very professional right from the start. Good advice as per our budget and they provide plans so that we can add products in future without drilling and breaking. The technical team is very good with presence of mind. Above all, the entire team is committed, with courtesy and professionalism. Thanks especially to Mr.Nithish who is excellent and dedicated. Thank you

Our Five Core Verticals

Smart Home Automation	Home Theatres	Electronic Security Solutions	Smart Power Solutions	Smart Cleaning Solutions
Lighting, curtains, climate control (HVAC), audio-video, and voice-controlled automation using world-class platforms—designed for intuitive living	End-to-end premium home theatre solutions—from acoustic design and AV calibration to turnkey installation for immersive cinematic experiences	Comprehensive security systems including CCTV, Video Door Phones, Digital Door Locks, Intrusion Alarms, and Access Control for homes and businesses	Sustainable and reliable power solutions such as LiFePO ₄ (LFP) Battery Inverters and Solar Systems, ensuring energy efficiency and uninterrupted power	Next-generation automation for maintenance and hygiene, including floor & glass cleaning robots, pool cleaning systems, grass cutting solutions, and fresh air systems
